

(Philadelphia, April 2011) – Magee Resource Group LLC, owned and managed by Charles and Gerri Magee, has been recognized among the top ten offices of MRINetwork, one of the world’s largest search and recruitment organizations with approximately 850 franchised offices in 35 countries. The award came at the network’s annual convention in Maui, Hawaii in March.

“In light of our just recovering economy and the shaky employment situation in the US, this achievement is a testament to the dedication and professionalism of the team at Magee Resource Group”, said Rob Romaine, president of MRINetwork, which is headquartered in Philadelphia. “We are very proud of them and of the high level of service they consistently deliver to their clients and their candidates.”

Magee Resource Group, celebrating their 20th year in business in 2011, specializes in search and recruitment for the Healthcare and Information Technology industries. “First, we want to thank our Lord Jesus Christ and give Him all the glory and honor for this achievement,” said Magee. “Next we want to recognize our recruiters who have in-depth knowledge and expertise in the industries we serve and the determination to make the best possible match between client and candidate.”

One of MRG’s recruiters, Jon Harris, Vice President for the Information Technology practice, achieved the Number One ranking among the thousands of solo recruiters working

throughout the MRINetwork. “Jon’s performance spearheaded our efforts and motivated the team to put forth the extra effort this kind of success demands,” said Magee.

Romaine noted that the Magees and their team have been consistently high performers over the twenty years they have been in business, ranking in the Top Ten in MRINetwork for the last eight years. They have also been named again this year as Top Office in the Southwest Region of the MRINetwork, covering offices located in ten states.
